

Volunteer Opportunity

Darby's Dancers provides a fun and encouraging activity for children with special needs to strengthen muscles, increase coordination, build confidence and form life long friendships. Each dancer is paired with a volunteer coach during class. The volunteer aspect is an integral aspect of the organization. The dancers may be able to perform the dance steps independently, or they may need more assistance depending on their disability. The volunteer coach helps the dancer by assisting them in following directions.

Dance training is not required though a general volunteer training will be held before classes begin. The goal is not dance perfection. The goal is for each dancer to find joy in dance and performing.

Classes are held on Tuesday evenings
and Saturday mornings at
Woodbury Dance Center
380 Rivertown Dr #1100
